*«Кисет памяти»*

Активисты школы пополнили  
ряды детско-юношеского  
патриотического движения  
"Юнармия" в мае 2019 года.

A group of young people, likely a school or youth organization, are standing in a large, well-lit hall. They are wearing matching red short-sleeved shirts and khaki-colored trousers. Some are wearing red berets. They are arranged in several rows, facing forward. In the background, there are large white plaques mounted on the wall, and several red ribbons hang from the ceiling. The floor is light-colored with some circular patterns. The overall atmosphere is formal and organized.

Торжественная церемония  
посвящения прошла в городе-  
герое Волгограде.
